

Greener Accommodations for a Healthier Night Sleep

What is this you ask? Simply put,

The Olde Mill Inn is dedicated to providing our guests reduced allergen friendly accommodations for a healthier pollution free night sleep. In addition to the guest rooms we have installed air cleaners with carbon filters and eco-friendly items such as Energy Star lighting throughout the Inn.

Green-sense with you in mind.

- Energy Star lighting
- Air cleaners with carbon filters.
- Laundry detergents being non-toxic, phosphate-free, biodegradable, unscented, dye-free, chlorine-free, concentrated and liquid.
- Cleaning products that are as much as possible - non-toxic, phosphate-free, biodegradable, natural scents or unscented and dye-free.
- Live potted plants to keep air healthier.
- Recycling notice for guest involvement.
- Glass water glasses.
- No Styrofoam usage.
- Linens changed between guests or on request only.
- Paper products – recycled, biodegradable, unbleached, natural or unscented and dye-free.
- Energy efficient plumbing

The Olde Mill Inn is a proud member of the
